Carrying forward the legacy.....

Late Dr. RAZMI YUNUS

(01.10.1973 - 09.05.2021)

Former Manager

Eram Educational Society

Following the visionary leadership of the Founder, Late Dr. Khwaja Syed Mohammad Yunus, the responsibility of carrying forward the ideals and mission of Eram Educational Society was ably undertaken by his eldest son, Late Dr. Razmi Yunus. As the Manager of the Society, he devoted himself to strengthening the institution, upholding academic excellence, and preserving the values of integrity, service, and quality education established by his father.

Under his dedicated stewardship, the Society witnessed steady progress in academic development, institutional growth, and healthcare services. His unwavering commitment to the advancement of Unani education and his compassionate leadership inspired generations of students, faculty, and healthcare professionals.

Although he is no longer with us, his vision, dedication, and invaluable contributions continue to guide the institution. The enduring legacy of his leadership remains deeply embedded in the ethos of Eram Educational Society, motivating the present leadership to strive for excellence and uphold the noble ideals upon which the institution was founded.

"A true legacy is not merely inherited—it is strengthened through dedication, vision, and selfless service."

Message of Executive Leadership

Dear Students, Parents, and Well-Wishers,

It gives me immense pleasure to welcome you to Eram Unani Medical College & Hospital, an institution committed to excellence in education, healthcare, and research. Our vision is to nurture competent, compassionate, and ethically responsible healthcare professionals who uphold the rich heritage of the Unani system of medicine while embracing scientific innovation and modern advancements. At Eram Unani Medical College & Hospital, we believe that quality education extends beyond classrooms. We provide a dynamic academic environment supported by experienced faculty, well-equipped laboratories, an extensive library, and a teaching hospital that offers students valuable clinical exposure and hands-on training. Our curriculum is designed to foster critical thinking, professional competence, and lifelong learning.

We take pride in creating an atmosphere that encourages discipline, integrity, empathy, and social responsibility. Our students are inspired to pursue academic excellence while developing the confidence and skills necessary to meet the evolving healthcare needs of society. Through research, community outreach, and patient-centered care, we strive to contribute meaningfully to the advancement of Unani medicine and the overall well-being of the communities we serve.

As you explore the opportunities at our institution, I invite you to become a part of our vibrant academic community. Together, let us preserve the rich legacy of Unani medicine and shape a healthier future through knowledge, dedication, and compassionate service.

I extend my best wishes to all aspiring students and look forward to welcoming you to Eram Unani Medical College & Hospital. May your journey here be enriching, inspiring, and successful.

With warm regards,

Eram Educational Society

Principal Message

it is my privilege to welcome you to Eram Unani Medical College & Hospital, an institution dedicated to academic excellence, professional integrity, and compassionate healthcare. Our mission is to provide quality education in the Unani system of medicine while fostering a culture of innovation, research, and lifelong learning.

The practice of medicine demands not only knowledge and clinical competence but also empathy, ethical values, and a deep sense of responsibility towards society. At our institution, we strive to create an academic environment that nurtures these qualities through a balanced blend of theoretical instruction, practical training, clinical exposure, and research-oriented learning.

Our experienced faculty members are committed to mentoring students and helping them develop into skilled healthcare professionals capable of addressing contemporary health challenges while preserving the rich heritage of Unani medicine. With modern teaching facilities, well-equipped laboratories, a comprehensive library, and a fully functional teaching hospital, we ensure that our students receive holistic education and hands-on clinical experience.

We encourage our students to cultivate scientific curiosity, critical thinking, discipline, and a spirit of service. Along with academic excellence, we place equal emphasis on character building, leadership, teamwork, and community engagement, enabling our graduates to become confident, competent, and compassionate practitioners.

I wish all our students a fulfilling and successful future and welcome you to the Eram family.

With best wishes,

Principal
Eram Unani Medical College & Hospital, Lucknow

Prof. Abdul Haleem
Principal
Eram Unani Medical College & Hospital

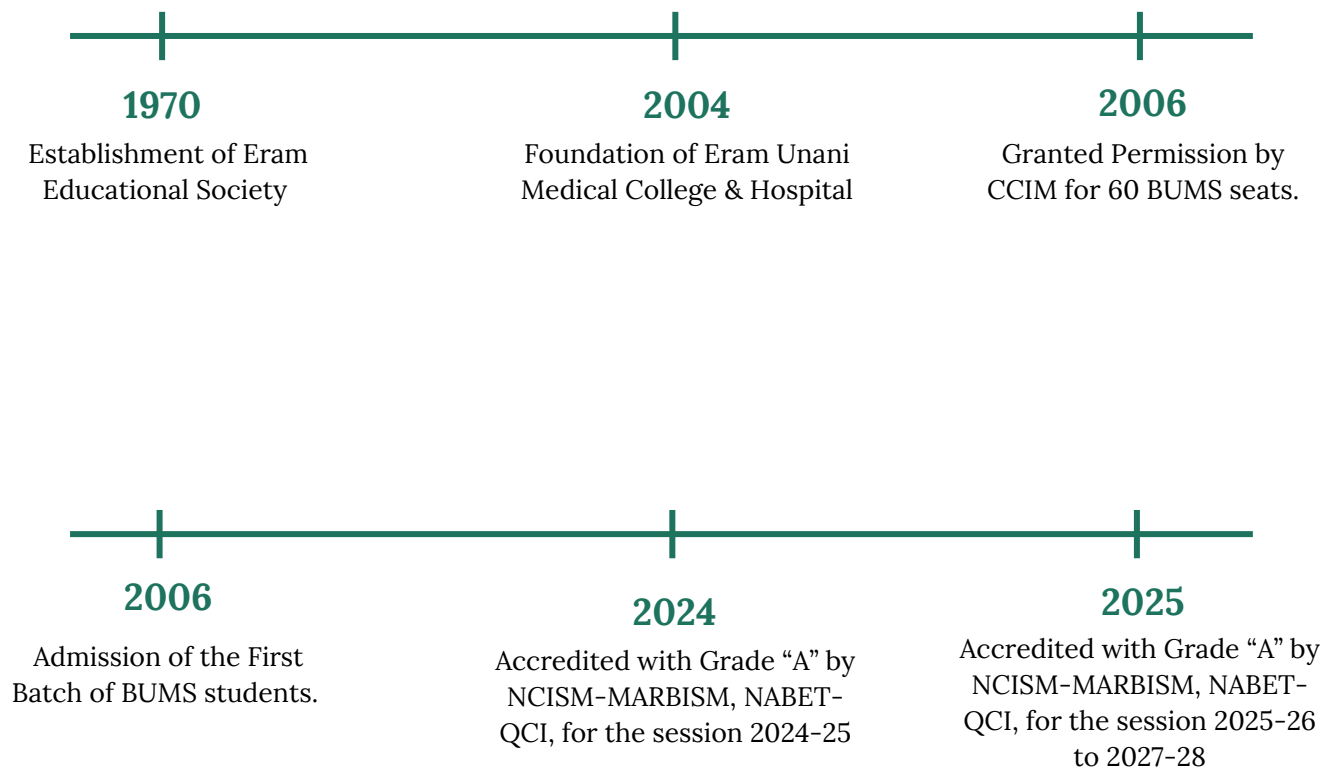

03 ABOUT the INSTITUTION

College History

Eram Unani Medical College & Hospital has been a centre of excellence in Unani medical education, healthcare, and research for over two decades. Guided by the vision of the Eram Educational Society, the institution continues to nurture skilled professionals while preserving the rich heritage of Unani medicine.

ABOUT ERAM UNANI MEDICAL COLLEGE & HOSPITAL

Eram Unani Medical College and Hospital, Lucknow is one of the premier institutions dedicated to education, research, and healthcare in the field of Unani Medicine. The college functions under the aegis of the Eram Educational Society, which has been committed to promoting quality education.

The foundation stone of the college was laid in 2004 by Maulana Mohammad Rabeq Hasani Nadwi (Moftamim of Darul Uloom Nadwatul Ulama, Lucknow). His vision and blessings marked the beginning of an institution aimed at preserving and advancing the rich heritage of the Unani System of Medicine while meeting modern educational standards.

After fulfilling the prescribed academic and infrastructural requirements, the institution received permission from the Central Council of Indian Medicine (CCIM), the statutory regulatory body at that time, in 2006. Following this approval, the college admitted its first batch of BUMS students in the same year, marking the commencement of its academic journey.

From 2006, Eram Unani Medical College was affiliated with Chhatrapati Shahu Ji Maharaj University (CSJMU), Kanpur. With the evolving higher education framework in Uttar Pradesh, the college became affiliated with the University of Lucknow in 2020. Subsequently, from 2021 onwards, the institution has been affiliated with Mahayogi Guru Gorakhnath AYUSH University, Gorakhpur, under whose academic regulations it continues to function.

Over the years, the college has made remarkable progress in academics, clinical training, research, and infrastructure. In recognition of its commitment to excellence and adherence to national quality standards, the institution was awarded an 'A' Grade Accreditation by NCISM-MARBISM, NABET-QCI for the Academic Session 2024–25, followed by renewed Grade 'A' accreditation valid for Academic Sessions 2025–26 to 2027–28.

Today, Eram Unani Medical College and Hospital stands as a distinguished centre for Unani medical education, producing competent healthcare professionals while contributing significantly to patient care, research, and the promotion of the Unani system of medicine at both national and international levels.

ABOUT ERAM EDUCATIONAL SOCIETY

ERAM INSTITUTIONS
ESTD 1970

Founded in 1970 by the visionary educationist Late Dr. Khwaja Syed Mohammad Yunus (Dr. K.S.M. Yunus), Eram Educational Society was established with the noble mission of making quality education accessible to all sections of society. Beginning its remarkable journey with just six students and two teachers in the narrow lanes of Golaganj, Baroodkhana, Lucknow, the Society has grown into one of Uttar Pradesh's leading educational organizations.

Inspired by the philosophy that education is the most powerful instrument for social transformation, Dr. Yunus envisioned an institution that would blend scientific knowledge with moral values, cultural heritage, and spiritual ethics. Under his leadership, the Society laid a strong foundation for academic excellence, innovation, and character building. His extraordinary contribution to the field of education earned him three President's Awards and numerous honours from Governors and Chief Ministers.

Over more than five decades, Eram Educational Society has expanded into a comprehensive educational network comprising over 30+ institutions, offering education from primary school to postgraduate and professional programmes. The Society serves thousands of students across diverse disciplines, including Medicine, Pharmacy, Management, Teacher Education, Humanities, Computer Sciences, Life Sciences, and Religious Education, all supported by modern infrastructure and experienced faculty.

The Society remains committed to nurturing academically competent, ethically responsible, and socially conscious professionals who can contribute meaningfully to national development. Guided by its founding ideals of Knowledge, Integrity, Service, and Excellence, Eram Educational Society continues to expand its educational initiatives while maintaining the highest standards of quality and innovation.

Mission:

- To provide quality education accessible to all sections of society.
- To promote excellence in teaching, research, and professional training.
- To cultivate innovation, critical thinking, and lifelong learning.
- To develop individuals with strong moral values, leadership qualities, and a commitment to community service.
- To preserve India's rich cultural heritage while embracing modern scientific and technological advancements.

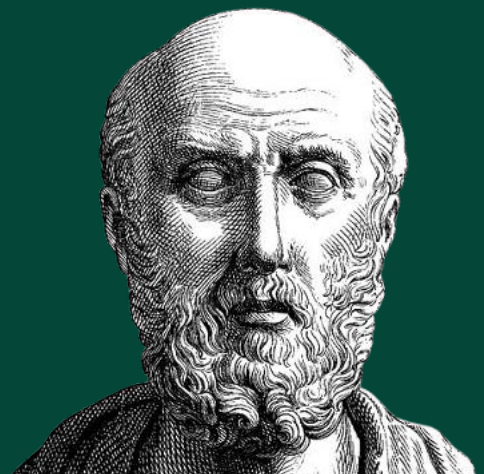

ABOUT UNANI SYSTEM OF MEDICINE

Unani system is one of the oldest systems of medicine, based on the teachings of Hippocrates (Father of Medicine) in 460 BC. It is an extensive medical system that deals with various states of the body (healthy and disease). The system is integrated in nature and offers preventive, promotive, curative and rehabilitative healthcare. The system was further developed by Arab and Persian scholars and introduced to the Indian subcontinent over a thousand years ago. Today, it is recognized by the Government of India as one of the Indian Systems of Medicine and forms an integral part of the national healthcare system.

Unani medicine adopts a holistic approach to health, emphasizing prevention, health promotion, cure, and rehabilitation. It is founded on the concept of **Umoor-e-Tabiya** (seven natural principles) and the balance of **Arkan** (elements), **Mizaj** (temperament), and **Akhlat** (four humours)—**Dam** (blood), **Balgham** (phlegm), **Safra** (yellow bile), and **Sauda** (black bile). Health is maintained through **Asbab-e-Sittah Zaruriyah** (Six Essential Factors), which include environmental air, diet, physical activity, mental well-being, sleep, and proper excretion. Diagnosis primarily relies on **Nabz** (pulse), **Baul** (urine), and **Baraz** (stool) examinations. By strengthening the body's innate healing power (**Tabiyat**), Unani medicine aims to restore balance and promote lifelong health.

TARANA-E-ERAM

Ham baghe eram ke bulbul hain Gate hain iska tarana ham
Daulat hai hamari ilm-o-amal Hain ilm-o-amal ka khazana ham

Yeh sara zamana ham se hai Hain apna aap zamana ham
Jo bat bhi khane wali ho Kah jate hain bebakana ham
Jo aankh hai ek kashana hai Hain raushni-e-kashana ham
Ham baghe eram ke bulbul hain Gate hain iska tarana ham
Daulat hai hamari ilm-o-amal Hain ilm-o-amal ka khazana ham

Bharat hai hamara pyara watan Hain apne watan ke sipahi ham
Achchi hai hamari sab se zameen Ooncha hai hamara sab se alam
Kandhe se milaye kandha sab Chalte hain mila ke qadam se qadam
Ham baghe eram ke bulbul hain Gate hain iska tarana ham
Daulat hai hamari ilm-o-amal Hain ilm-o-amal ka khazana ham

Hindu, muslim sikh, esai Aapas men sab bhai bhai
Tehwar kisi ka koe bhi ho Har ek ke ham hain shaidaaee
Har dasht-o-bayabaan koh me ham Phirte hain bajate shahnai
Ham baghe eram ke bulbul hain Gate hain iska tarana ham
Daulat hai hamari ilm-o-amal Hain ilm-o-amal ka khazana ham

Hain nanhe munne bachche ham Hain qaul ke lekin sachche ham
Sarmaya hamari kitabein hain Hathyar hamare loh-o-qalam
Dukh sahne na denge maan tujhko Jab tak hai hamare dam me dam
Ham baghe eram ke bulbul hain Gate hain iska tarana ham
Daulat hai hamari ilm-o-amal Hain ilm-o-amal ka khazana ham

ADMISSIONS *and* ACADEMIC PROGRAMS

COURSE OFFERED: BACHELOR OF UNANI MEDICINE & SURGERY (BUMS)

The Bachelor of Unani Medicine and Surgery (BUMS) is a professional undergraduate medical programme that equips students with in-depth knowledge of the principles and practice of Unani medicine alongside modern biomedical sciences. The programme is structured to develop clinical competence, diagnostic skills, therapeutic expertise, and a strong commitment to patient-centred care.

PROGRAMME DETAILS

- **Course:** Bachelor of Unani Medicine & Surgery (BUMS)
- **Duration:** 4½ Years Academic Study + 1 Year Compulsory Rotatory Internship
- **Total Duration:** 5½ Years
- **Recognition:** National Commission for Indian System of Medicine (NCISM)
- **Affiliation:** Affiliated to Mahayogi Guru Gorakhnath AYUSH University, Gorakhpur
- **Annual Intake:** 60 students

ELIGIBILITY FOR ADMISSION

Admission to the BUMS programme is made strictly in accordance with the regulations and guidelines issued by the National Commission for Indian System of Medicine (NCISM), the concerned State Government, and the affiliating University.

Applicants should have:

- Qualified NEET (UG) as prescribed for the relevant academic session.
- Passed the 10+2 or equivalent examination with Physics, Chemistry, and Biology from a recognized board, securing a minimum of 50% marks for General category candidates and 40% marks for OBC, SC, and ST category candidates.
- Fulfilled the minimum eligibility criteria prescribed by NCISM and the competent admission authority.
- Satisfied all age and eligibility requirements applicable for the admission year.

ADMISSION PROCESS

- Qualify NEET (UG) in the relevant academic session.
- Register for the prescribed AYUSH/State counselling process.
- Participate in counselling and choice filling.
- Seat allotment by the competent counselling authority.
- Report to the college within the stipulated time.
- Verification of original documents.
- Payment of the prescribed fees.
- Confirmation of admission and commencement of classes.

DOCUMENTS REQUIRED

The following original documents, along with self-attested photocopies and recent passport-size photographs, must be produced at the time of admission:

- NEET (UG) Admit Card
- NEET (UG) Score Card
- Counselling Allotment Letter
- Class X Certificate & Mark Sheet (Proof of Date of Birth)
- Class XII Certificate & Mark Sheet
- Transfer Certificate (TC)/Migration Certificate
- Character Certificate
- Category Certificate (SC/ST/OBC/EWS), if applicable
- Domicile Certificate
- Aadhaar Card or other Government-issued Photo Identity Proof
- Passport-size Photographs
- Medical Fitness Certificate
- Any other document(s) required by the Counselling Authority, University, NCISM, or the College from time to time.
- Gap Notarized Affidavit (if any gap between 12th passed and time of admission)

FEE STRUCTURE (For Academic Year 2026-27)

The fee structure shall be as prescribed by the Competent Authority/State Government/University and is subject to revision after approval by competent authority.

Particulars Amounts

- Tuition Fee: Rs. 290400/- Per year
- Hostel Fee (Lodging & Fooding): Rs. 114000/- Per Year

Note: Students are advised to refer to the latest fee notification issued by the competent authority or the institution for the applicable academic session.

CURRICULUM STRUCTURE

Competency-Based Dynamic Curriculum (CBDC)

The Bachelor of Unani Medicine & Surgery (BUMS) programme at Eram Unani Medical College & Hospital is conducted in accordance with the Competency-Based Dynamic Curriculum (CBDC) prescribed by the National Commission for Indian System of Medicine (NCISM). The curriculum is designed to integrate the fundamental principles of Unani medicine with modern biomedical sciences, clinical competence, ethical values, communication skills, and community-oriented healthcare.

The programme adopts a learner-centred approach through classroom teaching, practical demonstrations, laboratory sessions, clinical postings, bedside teaching, seminars, self-directed learning, and community-based training. Continuous assessment and competency-based evaluation ensure the progressive development of knowledge, skills, attitude, and professionalism.

Programme Duration

Academic Phase	Duration
First Professional	18 Months
Second Professional	18 Months
Third Professional	18 Months
Compulsory Rotatory Internship	12 Months
Total Duration	5 ½ Years

Elective Subjects

To promote interdisciplinary learning and broaden professional competencies, students undertake Elective Courses as prescribed under the NCISM Competency-Based Dynamic Curriculum. There are a total of 9 elective subjects, with 3 elective subjects in each professional year. Students must successfully complete all elective subjects before appearing in the Final Professional University Examination.

Professional Course Structure

First Professional (18 Months)

- Kulliyat Umoor-e-Tabiya (KUT)
- Tashreeh-ul-Badan (TB)
- Munafe-ul-Aza (MZ)
- Urdu, Arabi and Mantiq wa Falsafa (UAMF)
- Tareekh-e-Tib (TT)

Second Professional (18 Months)

- Ilmul Advia (IA)
- Mahiyatul Amraz (MA)
- Tahaffuzi wa Samaji Tib (TST)
- Ilmul Samoom wa Tibb-e-Qanoon (TQS)
- Ilmul Saidla (ISM)
- Sareeriyat wa Usool-e-ilaj (SUI)

Third Professional (18 Months)

- Moalajat (MOA)
- Ilmul Jarahat (IJ)
- Qabalat wa Amraz-e-Niswan (QAN)
- Ilmul Atfal (AAN)
- Ilaj-bit-Tadbeer (IBT)
- Amraz-e-Jild wa Tazeeniyat (AJT)
- Amraz-e-Ain, Uzn, Anf wa Halaq (AUH)
- Research Methodology & Medical Statistics (RMS)
- Emergency Medicine (EM)

Assessment & Evaluation

The academic progress of students is monitored through a comprehensive and continuous assessment system in accordance with NCISM regulations.

Assessment Pattern (Each Professional)

1. Internal Assessments

- 09 Periodical Assessments
- 02 Term Test

2. University Professional Examination

Continuous assessment enables students to strengthen their academic performance, clinical competence, communication skills, and professional behaviour throughout the programme.

06

STUDENTS GUIDLINES

LEARNING WITH DISCIPLINE, INTEGRITY & PROFESSIONALISM

At Eram Unani Medical College & Hospital, students are expected to uphold the highest standards of discipline, professionalism, and ethical conduct. The institution is committed to providing a safe, respectful, and academically enriching environment that promotes excellence in education, patient care, and personal development. Every student is expected to abide by the rules and regulations prescribed by the College, the Affiliated University, and the National Commission for Indian System of Medicine (NCISM).

General Rules & Regulations

- Students shall maintain punctuality, discipline, and professional behaviour at all times.
- Regular attendance in lectures, practical classes, clinical postings, and academic activities is mandatory as per NCISM and University regulations.
- Students shall wear the prescribed college uniform and identity card while on campus and during clinical postings.
- Respect towards faculty members, staff, patients, and fellow students is expected at all times.
- Ragging in any form is strictly prohibited and is punishable under the provisions of the Anti-Ragging Regulations.
- The use of mobile phones during lectures, practical sessions, and clinical postings is discouraged unless permitted for academic purposes.
- Students are expected to maintain the cleanliness of the campus and protect institutional property.
- Participation in seminars, workshops, community outreach programmes, and co-curricular activities is encouraged.
- Compliance with all examination rules, library regulations, hostel rules, and institutional policies is mandatory.

"Discipline, professionalism, and compassion are the hallmarks of every future physician at Eram Unani Medical College & Hospital."

Dress Code & Uniform

The prescribed uniform reflects the discipline, professionalism, and identity of the institution. Students are required to wear the designated uniform during academic hours, practical sessions, and clinical postings.

For Girls

Out-Patient Department (OPD) Services

The Out-Patient Department (OPD) of Eram Unani Medical College & Hospital serves as the primary point of patient care, offering comprehensive consultation, diagnosis, treatment, preventive healthcare, and follow-up services. Staffed by experienced faculty members, resident doctors, and trained healthcare professionals, the OPD provides quality healthcare through specialized clinics while ensuring excellent clinical exposure for undergraduate students.

The hospital offers specialized OPD services in the following departments:

OPD / Specialty	Services Offered
Screening OPD	Initial patient registration, triage, preliminary assessment, and referral to the appropriate specialty.
Isabat (Casualty)	Emergency care, first aid, stabilization, and management of medico-surgical emergencies.
Moalajat (General Medicine & Internal Medicine)	Diagnosis and treatment of acute and chronic medical disorders.
Ilmul Jarahat (General Surgery)	Surgical consultation, minor procedures, pre- and post-operative patient care.
Qabalat wa Amraz-e-Niswan (Obstetrics & Gynaecology)	Antenatal and postnatal care, women's health, and gynaecological consultations.
Ilmul Atfal (Paediatrics)	Comprehensive healthcare services for infants, children, and adolescents.
Tahaffuzi wa Samaji Tib (Community & Preventive Medicine)	Preventive healthcare, health education, screening, immunization awareness, and community health services.
Amraz-e-Jild wa Tazeeniyat (Dermatology & Cosmetology)	Diagnosis and treatment of skin, hair, nail disorders, and cosmetic consultations.
Ilaj-bit-Tadbeer (Regimental Therapy)	Unani regimental therapies including Hijama, Dalk, Takmeed, Hammam, Riyazat, and other therapeutic procedures.
Amraz-e-Ain, Uzn, Anaf wa Halaq (Ophthalmology & ENT)	Specialized consultation and management of eye, ear, nose, and throat disorders.
Ilmul Samoom (Toxicology)	Diagnosis and management of poisoning, toxic exposures, and related emergencies.
Tobacco Cessation Centre	Evidence-based counselling, behavioural interventions, and support services for tobacco de-addiction and healthy lifestyle promotion.

In-Patient Department (IPD) Services

The In-Patient Department (IPD) of Eram Unani Medical College & Hospital provides comprehensive inpatient care through well-equipped wards, qualified faculty, resident doctors, nursing staff, and supportive healthcare services. The hospital ensures quality patient care with separate wards for major clinical specialties in accordance with NCISM/MSR standards.

③ The hospital presently has a 100-bedded IPD, distributed among various clinical departments to facilitate specialized treatment and effective clinical training for undergraduate students.

Department	Bed Strength
Moalajat (General Medicine)	20
Ilaj Bit Tadbeer (Regimenal Therapy)	20
Jarahat (Surgery)	20
Niswan wa Qabalat (Obstetrics & Gynaecology)	20
Amraz-e-Jild (Dermatology)	10
Ilmul Atfal (Paediatrics)	05
Ain, Uzn, Anf wa Halaq (Ophthalmology & ENT)	05
Total Bed Strength	100

Diagnostic & Support Services

The Diagnostic Services Department of Eram Unani Medical College & Hospital is equipped to provide reliable and timely diagnostic support for accurate disease diagnosis, treatment planning, and patient monitoring. The department functions under the supervision of qualified professionals and supports both patient care and clinical training of B.U.M.S. students.

The hospital offers the following diagnostic facilities:

- Haematology, Biochemistry & Microbiology Laboratory
- Radiology & Imaging Services
- Ultrasound scan
- ECG Services

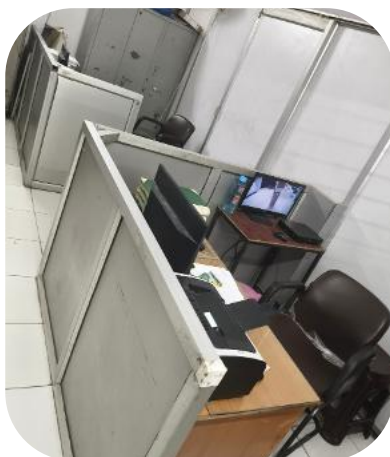

Medical Record Department (MRD)

The Medical Record Department (MRD) ensures the systematic maintenance, safe storage, retrieval, and confidentiality of patients' medical records. It supports efficient patient care, hospital administration, clinical documentation, and regulatory compliance through accurate record management. The department facilitates timely access to patient information for clinical, academic, and medico-legal purposes while maintaining the highest standards of data integrity and confidentiality. With well-organized record management practices, the MRD contributes significantly to quality healthcare delivery, institutional planning, and continuous improvement in hospital services.

CENTRAL LIBRARY

Library overview

The Central Library of Eram Unani Medical College & Hospital serves as the academic heart of the institution, providing comprehensive learning resources to undergraduate students and faculty members. The library houses an extensive collection of Unani, Modern Medicine, and allied health science literature, creating an ideal environment for study, research, and lifelong learning. With spacious reading facilities, computer-based internet access, and a rich collection of books and journals, the library supports evidence-based education and academic excellence.

MEDICINAL HERBAL GARDEN

Preserving the Heritage of Unani Medicinal Flora

BAGH-E-ERAM (HERBAL GARDEN)
ERAM UNANI MEDICAL COLLEGE & HOSPITAL LUCK

Herbal Garden Overview

The Medicinal Herbal Garden of Eram Unani Medical College & Hospital serves as a living laboratory for education, research, and conservation of medicinal flora. It provides students with hands-on learning and practical identification of medicinal plants used in the Unani System of Medicine.

Specializations

-  Diverse Medicinal Plant Species
-  Conservation of Endangered Medicinal Plant Species
-  QR Code-based Digital Identification System
-  Demonstration Room facility for students
-  Teaching, Research & Practical Training Facility

Digital Learning Experience

Every medicinal plant in the herbal garden is equipped with a QR code that provides comprehensive information, including botanical name, Unani name, family, medicinal uses, and other academic details. This digital initiative enables self-directed learning and enhances students' practical understanding of medicinal plants.

Facilities

- Demonstration Room for practical teaching
- Student practical sessions
- Medicinal plant identification
- Conservation of rare & endangered species
- Research and academic activities
- Live learning environment

Hostel Rules & Regulations

(For Boys & Girls Hostels)

- Admission to the hostel is valid for one academic year and requires a one-time hostel admission fee.
- Hostel mess charges shall be paid quarterly as notified by the college.
- Room allotment is made solely by the hostel administration. Students are not permitted to exchange rooms or shift to another room without prior written permission.
- Hostel accommodation is provided on a twin-sharing basis. Students opting for single occupancy must pay the prescribed additional charges.
- Residents are responsible for the safety of their personal belongings. The hostel administration shall not be liable for any loss, theft, or damage.
- Students shall take proper care of hostel furniture, fixtures, and other property. Any loss or damage will be recovered from the concerned resident(s).
- The use of immersion heaters, electric stoves, electric kettles, irons, and other unauthorized electrical appliances is strictly prohibited.
- Residents must switch off all lights, fans, and electrical appliances before leaving their rooms.
- Visitors are not allowed inside the hostel unless prior written permission has been obtained from the hostel authorities.
- Students shall not leave the hostel after:
8:00 PM (Summer) and 7:00 PM (Winter) for boys.
6:00 PM (Winter & Summer) for girls,
without prior permission from the hostel authorities.
- Residents are responsible for maintaining cleanliness in their rooms, corridors, bathrooms, and other common areas.
- Bags, luggage, or other personal belongings should not be kept outside the rooms.
- Students are expected to remain in the hostel during class hours unless officially permitted otherwise.
- Any complaint regarding electricity, plumbing, or maintenance should be entered in the Complaint Register.

ACADEMIC DEPARTMENTS

DEPARTMENT OF TASHREEH-UL-BADAN (ANATOMY)

The Department of Tashreeh-ul-Badan (Anatomy) is a well-established, spacious, and fully equipped academic unit designed in accordance with the prescribed standards of medical education. It comprises a modern Dissection Hall, a well-equipped Microanatomy Laboratory, and a comprehensive Anatomy Museum housing hundreds of anatomical models, charts, and specimens. The department is further strengthened by a preserved cadaver, supported by dedicated Cadaver Preservation, Cold Storage, and Embalming facilities for effective practical training. A well-Ventilated Tutorial Room promotes interactive learning and hands-on teaching, while separate changing rooms for male and female students ensure comfort and convenience. With its excellent infrastructure and rich academic resources, the department provides an outstanding environment for excellence in anatomical education and practical learning.

DEPARTMENT OF MUNAFE-UL-AZA (PHYSIOLOGY)

The Department of Munafeul Aza (Physiology) is a fundamental academic department of Eram Unani Medical College & Hospital, Lucknow. It imparts quality education in human physiology through an integrated approach of Unani principles and modern medical sciences. The department is equipped with well-maintained laboratories and modern teaching aids to support effective learning. Experienced faculty members provide comprehensive theoretical and practical training to students. The department promotes scientific attitude, research orientation, and clinical competence among future Unani physicians. It remains committed to academic excellence and the development of skilled, ethical, and compassionate healthcare professionals.

DEPARTMENT OF KULLIYAT (BASIC PRINCIPLES OF UNANI MEDICINE)

The Department of Kulliyat forms the academic foundation of Unani medicine by imparting the fundamental principles that govern health, disease, diagnosis, and treatment. It provides students with a comprehensive understanding of Umoor-e-Tabi'yah, Arkan, Mizaj, Akhlat, Aaza, Arwah, Quwa, Afaal, Asbab-e-Sitta Zarooriyah, and the basic concepts of Usool-e-Ilaj, integrating classical Unani wisdom with contemporary biomedical sciences.

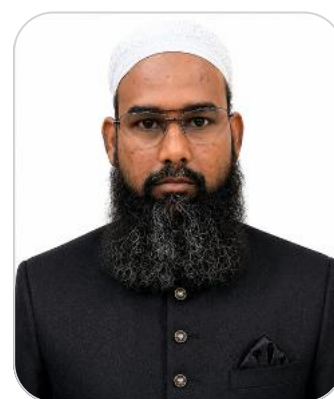

The department emphasizes conceptual clarity, analytical thinking, and scientific inquiry through interactive lectures, seminars, practical demonstrations, and academic discussions. It prepares students with a strong theoretical base that supports their clinical education and fosters a holistic approach to patient care, research, and lifelong learning in the field of Unani medicine.

DEPARTMENT OF TAHAFFUZI WA SAMAJI TIB (PREVENTIVE AND SOCIAL MEDICINE)

The Department of Tahaffuzi Wa Samaji Tib (Preventive & Social Medicine) is committed to promoting preventive, promotive, and community-oriented healthcare based on the holistic principles of Unani medicine. The department imparts comprehensive undergraduate education in accordance with the NCISM curriculum. Students receive training in epidemiology, environmental health, nutrition, maternal & child health, national health programmes, primary healthcare, and Tibbe Qanoon Wa Ilmul Samoom (Forensic Medicine & Toxicology). The department is supported by highly qualified and experienced faculty, a well-stocked departmental library, and a well-equipped digital laboratory that enhance teaching, practical training. Through classroom teaching, practical demonstrations, field visits, and community outreach activities, the department nurtures, ethical, and socially responsible physicians dedicated to improving public health & community well-being.

DEPARTMENT OF ILMUL ADVIA (PHARMACOLOGY)

The Department of Ilmul Advia is one of the leading academic departments dedicated to excellence in teaching, research, and practical training in Unani Pharmacology and Pharmacognosy. The department is headed by Dr. Asia Parveen, Associate Professor & Head of the Department, and is supported by Dr. Sayeedur Rahman, Associate Professor. It provides a strong academic environment aligned with the NCISM curriculum, emphasizing both theoretical knowledge and hands on learning. The department houses a well-maintained museum containing 144 authenticated drug specimens and a drug identification laboratory with over 500 crude drugs for student training. It also possesses 35 educational models that facilitate the understanding of pharmacognosy and pharmaceutical concepts. Dedicated Pharmacology and Pharmacognosy laboratories provide practical exposure to students through demonstrations and experimental learning. A demonstration room supports interactive teaching sessions and academic discussions. The department further maintains a herbal garden with a diverse collection of medicinal plants, enabling students to study live botanical specimens.

DEPARTMENT OF MAHIYAT-UL-AMRAZ (PATHOLOGY)

Mahiyatul Amraz is dealing with the nature of diseases, including their causes, pathogenesis, signs and symptoms, structural and functional changes, diagnosis, and prognosis. It is considered the Unani equivalent of modern pathology and forms the scientific foundation for understanding disease processes.

The Department provides comprehensive teaching and training to undergraduate students, enabling them to understand the principles of disease causation and progression through both classical Unani concepts and contemporary medical knowledge. The department integrates traditional wisdom with modern scientific advances to promote evidence-based clinical understanding and research.

The department is equipped with well-maintained laboratories, teaching aids, museum specimens, and digital learning resources to facilitate practical and interactive education. Through quality education, innovation, and interdisciplinary collaboration, the department strives to develop competent Unani physicians capable of delivering effective, ethical, and patient-centered healthcare.

DEPARTMENT OF ILMUL SAIDLA (UNANI PHARMACY)

The Department of Ilmul Saidla provides comprehensive practical training under the guidance of experienced faculty members, supported by well-equipped pharmaceutical laboratories and modern instruments. The department is dedicated to excellence in teaching, practical training, and research in the field of Unani Pharmacy. It emphasizes the scientific principles of drug identification, formulation, standardization, compounding, and storage of Unani medicines. Students are encouraged to develop professional competence through hands-on laboratory training, academic discussions, seminars and workshops. The department also promotes innovation, critical thinking, and evidence-based pharmaceutical practices, preparing graduates to meet the evolving needs of healthcare and the pharmaceutical industry while preserving the rich heritage of the Unani system of medicine.

DEPARTMENT OF QABALAT WA NISWAN (OBSTETRICS & GYNECOLOGY)

The Department is dedicated to providing comprehensive education and clinical training in women's health, obstetrics, and gynaecological care. The department is designed to equip undergraduate medical students with a strong foundation in the principles of diagnosis, prevention, and management of common obstetric and gynaecological conditions through an integrated approach combining Unani concepts with contemporary medical knowledge.

The department emphasizes the development of essential clinical competencies through hands-on training in patient history taking, physical examination, antenatal care, labour management, postnatal care, and basic gynaecological procedures. Teaching is supported by well-equipped demonstration facilities, including anatomical models, obstetric charts, teaching instruments, specimens, simulators, digital smart boards, and audiovisual learning resources. Students are also exposed to outpatient and inpatient clinical services, enabling them to translate theoretical knowledge into practical skills while fostering professional ethics, compassionate patient care, and evidence-based clinical decision-making.

DEPARTMENT OF ILMUL JARAHAT (SURGERY)

The Department of Ilmul Jarahat (Surgery) is one of the core clinical departments of the B.U.M.S. programme, committed to excellence in teaching, clinical training, and patient care by integrating the classical principles of Unani surgery with modern surgical science. The department provides comprehensive undergraduate education, develops students' diagnostic and surgical skills through OPD, IPD, and Operation Theatre postings, and offers hands-on clinical demonstrations. It emphasizes ethical patient care, evidence-based clinical practice, and encourages research, seminars, academic discussions, and case presentations to foster professional competence and lifelong learning.

Regular clinical rounds, academic presentations, and interactive teaching sessions enhance students' confidence and prepare them to provide safe, compassionate, and competent surgical care in accordance with contemporary healthcare standards.

DEPARTMENT OF ILAJ BIT TADBEER (REGIMINAL THERAPY)

The Department offers a scientific and holistic approach to healthcare by integrating classical Unani regimenal therapies with contemporary medical understanding. It utilizes non-pharmacological interventions such as Hijama, Fasd, Taleeq (Leeching) Dalk (Massage), Hammam, Riyadat (exercise), and other therapeutic regimens to restore the balance of Mizaj, facilitate Tanqiya-e-Mawad (elimination of morbid matter), strengthen the body's Quwwat-e-Mudabbira-e-Badan (self-regulatory power), and promote holistic health and well-being. The department is committed to evidence-based clinical practice and academic excellence while preserving the fundamental principles of Unani medicine. The department provides hands-on clinical training to undergraduate students through supervised demonstrations and practical exposure to various regimenal therapies. Teaching is supported by modern infrastructure and digital learning resources, enabling students to develop essential clinical skills and a comprehensive understanding of Ilaj-bit-Tadbeer in patient care.

DEPARTMENT OF ILMUL ATFAL (PAEDIATRIC)

The Department is committed to excellence in teaching, clinical training and comprehensive healthcare for infants, children, and adolescents. The department provides students with in-depth knowledge of growth and development, nutritional disorders, common childhood illnesses, preventive paediatrics, immunization, and the Unani principles of child healthcare.

Under the guidance of experienced faculty members, students receive extensive hands-on clinical training through OPD and IPD services, bedside teaching, case presentations, clinical demonstrations, and interactive discussions.

The department is equipped with essential clinical facilities that enable students to develop competence in the diagnosis, management, and prevention of paediatric diseases.

The department Emphasizing compassionate patient care, ethical medical practice, and the integration of classical Unani concepts with contemporary paediatric knowledge, the department prepares students to become skilled and responsible healthcare professionals dedicated to improving child health and well-being.

DEPARTMENT OF AMRAZ-E-JILD WA TAZEENIYAT (DERMATOLOGY)

The Department of Amraz-e-Jild wa Tazeeniyat (Dermatology & Cosmetology) is dedicated to excellence in teaching, patient care, and academic training in the field of skin, hair, nail, and cosmetology. The department provides comprehensive education and clinical exposure with a strong emphasis on accurate diagnosis, evidence-based management, preventive care, and ethical medical practice. Students develop essential clinical skills through supervised patient assessment, case discussions, and practical demonstrations using clinical charts, models, specimens and audiovisual teaching aids. Well-equipped outpatient and inpatient services provide valuable hands-on learning opportunities, enabling students to integrate theoretical knowledge with clinical practice. The department also promotes seminars, academic activities, and research, aiming to nurture competent, compassionate, and skilled healthcare professionals committed to delivering quality dermatological care and lifelong learning.

DEPARTMENT OF AMRAZ-E-AIN, UZN, ANAF, HALAQ WA ASNAN (OPHTHALMOLOGY & ENT)

The Department is dedicated to providing quality education, clinical training, and patient care in the field of Unani Ophthalmology and ENT. The department integrates classical Unani principles with modern diagnostic approaches to facilitate comprehensive understanding and management of diseases affecting the eye, ear, nose, and throat.

The department is equipped with essential diagnostic instruments and clinical teaching facilities, enabling students to acquire practical skills in examination, diagnosis, and treatment. Under the guidance of experienced faculty members, students receive hands-on clinical exposure through OPD and IPD services, case discussions, bedside teaching, and clinical demonstrations.

The department emphasizes preventive, promotive, and curative aspects of healthcare while preserving the rich heritage of the Unani system. Through a balanced blend of academic excellence, clinical competence, and ethical practice, the department prepares students to become skilled and compassionate healthcare professionals.

SCHOLARLY ACTIVITIES

Academic Excellence & Scholarly Activities

Eram Unani Medical College & Hospital is committed to fostering a vibrant academic environment that promotes continuous learning, professional development, and scholarly excellence. The institution regularly organizes departmental seminars, guest lectures, and academic discussions to enrich the knowledge and clinical skills of students and faculty. The college has also organized Continuing Medical Education (CME) programmes, providing a platform for interaction with experts and the exchange of contemporary scientific knowledge. Faculty members actively contribute to academia through the publication of books, research papers, and other scholarly works, reflecting the institution's commitment to intellectual growth and evidence-based education.

STUDENT LIFE *and* ENGAGEMENT

Innagation of Orientation Programme

Transitional Curriculum for the Session 2025-26
Eram Unani Medical College & Hospital, Lucknow

HIPPOCRATIC OATH معاہدہ بقراطیہ

1. I pledge to dedicate my life to the service of humanity.
میں اپنی زندگی کو خدمت کے لئے وقف کرتے ہوئے کامیاب ہوں گا۔
2. The health and well-being of my patient will be my first priority.
میرے مریض کی صحت اور بہبود میری پہلی ترجیح ہوگی۔
3. I will respect the autonomy, dignity, and rights of my patients.
میں اپنے مریض کی آزادی، عزت اور حقوق کا احترام کروں گا۔
4. I will maintain the highest respect for human life.
میں انسانی جان کا اعلیٰ ترین احترام برقرار رکھوں گا۔
5. I will not allow discrimination of any kind to influence my duty.
میں کسی قسم کی توہین کو اپنے فرائض کو متاثر نہیں ہونے دے گا۔
6. I will maintain patient confidentiality even after the patient has died.
میں مریض کے راز کو اس کی موت کے بعد بھی محفوظ رکھوں گا۔
7. I will practice medicine with conscience, dignity, and responsibility.
میں طب کو ضمیر، عزت اور ذمہ داری کے ساتھ انجام دوں گا۔
8. I will continue to update my medical knowledge throughout my career.
میں اپنے کیریئر کے دوران اپنی طبی معلومات کو مسلسل بہتر بناتا رہوں گا۔
9. I will share medical knowledge for the benefit of patients and society.
میں اپنی طبی علم کو مریضوں اور معاشرے کے فائدے کے لئے بانٹوں گا۔
10. I will respect my teachers, colleagues, and students.
میں اپنے اساتذہ، ساتھیوں اور طلبہ کا احترام کروں گا۔
11. I will not misuse my medical knowledge to harm anyone.
میں اپنے طبی علم کو کسی کو نقصان پہنچانے کے لئے استعمال نہیں کروں گا۔
12. I will treat the patient according to my best ability and judgment.
میں ہر مریض کو اپنی بہترین صلاحیت اور سمجھ بوجھ کے مطابق کروں گا۔
13. I will avoid unnecessary treatment or harmful procedures.
میں غیر ضروری علاج اور نقصان دہ طریقے کار سے پرہیز کروں گا۔
14. I will not engage in corruption or accept unlawful benefits.
میں ہر قسم کی فسادات میں حصہ نہیں لے گا اور ناجائز فائدے نہیں قبول کروں گا۔
15. I will uphold the trust placed in me by patients.
میں مریضوں کی طرف سے مجھے رکھے گئے اعتماد کو بھرپور راز کروں گا۔
16. I will act for the welfare of patients and the community.
میں مریضوں اور معاشرے کی بہتری کے لئے کام کروں گا۔
17. I take this oath freely and with full honour.
میں یہ عہدہ بے دھڑکی اور عزت کے ساتھ لیتا ہوں۔
